THE AI OPPORTUNITY

\$104B

AI Market by 2034

SMBs are being left behind.

73% of SMBs cite data privacy as their #1 concern with AI adoption.

Zero offline AI solutions exist for them — until now.

THE PROBLEM

Cloud AI is expensive.

Cloud AI is insecure.

Cloud AI is dependent on connectivity.

Cloud AI is inaccessible to SMBs.

Nobody's solving it.

THE BONFIRE SOLUTION

A local-first AI terminal —
no cloud, no subscriptions, no data
leaving your machine.

OFFLINE

Runs 100%
locally.
No internet
required.

PRIVATE

Your data
never leaves
your device.
Ever.

POLYGLOT

Multi-model
support.
Swap AI
engines freely.

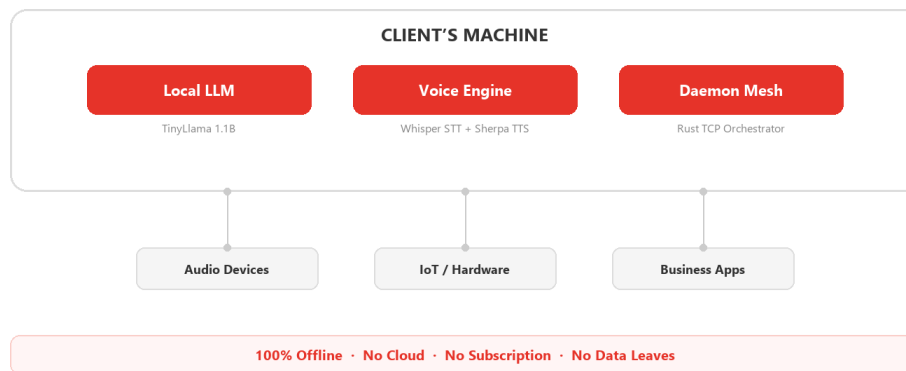

WHAT GETS INSTALLED

The Bonfire Architecture

What Gets Installed

A complete offline AI command center — zero cloud dependencies

BONFIRE VS CLOUD AI

See the Difference

Bonfire vs Cloud AI

Why businesses choose offline

Feature	Bonfire Terminal	Cloud AI (OpenAI etc.)
Data Privacy	100% local, zero transmission ✓	Data sent to cloud servers ✗
Monthly Cost	\$0 after install ✓	\$20-500/mo per seat ✗
Internet Required	Works fully offline ✓	Requires connection ✗
Latency	<100ms on-device ✓	200-2000ms API calls ✗
OEM Licensable	White-label ready ✓	Terms prohibit ✗
Vendor Lock-in	You own the install ✓	API can change anytime ✗

TESTIMONIALS

What Our AIDEs Say

“ I went from zero AI experience to deploying my first client in 3 weeks. The playbook made it foolproof.

-- Jordan M., AIDE Cohort 1

“ The local-first approach sells itself. Clients light up when I tell them their data never leaves the building.

-- Sarah K., AIDE Cohort 1

“ Best 18K I have ever invested. I made it back on my second install. Now I am booked out two months.

-- David R., AIDE Cohort 1

FREQUENTLY ASKED QUESTIONS

Do I need technical experience?

No. Our training covers everything from setup to sales. Many AIDEs come from non-technical backgrounds.

Is this a franchise?

It's a licensed ISV program — you get the tools, training, and community without franchise fees or royalties.

What hardware is required?

We provide a pre-configured Bonfire terminal. You just need a power outlet and a client.

How long until I'm earning?

Most AIDEs complete training in 2 weeks and close their first deal within 30 days.

Can I do this part-time?

Absolutely. Many AIDEs start part-time and transition to full-time once pipeline fills up.
